Perceiving the true Identity of the Absolute

The meaning of पूजा(Pooja) is not something like performing a ritual by murmuring some Sanskrit words, closing your eyes and praying for something good should happen to yourself and your family. पूजा(Pooja) means performing any of your day to day routines with honesty, sincerity and complete devotion to the work you perform without any expectations, personal gains and fruits of the work performed. This work in turn must be offered to the supreme creator, sustainer, protector and the destroyer of all the evils as His services.

As an example, mother and father provide services to their children by providing food, clothing, support in their education, plays, toys, health care, sometimes punishments, sometimes compassion, sometimes anger, sometimes love. They do not expect anything in turn from their children. This is the Pooja of the parents towards their son, as if it is offered to बालकृष्ण(Bala-Krishna). It is the Pooja towards their daughter, as if offered to बाललक्ष्मी(Bala-Laxmi).

सत्य(Satya) means truth and नारायण(Narayana) is the Absolute. Perceiving the true identity of the Absolute, at least trying to know the true identity of the Absolute with sincerity, honesty and complete devotion is the सत्य नारायण् पूजा.

In the सत्य नारायण् पूजा it is a practice to use Betel nuts, Betel leaves, flowers, a copper pot, a coconut, some leaves of mango tree and similar items. Why we use these items? To imagine, to make some concepts in our mind and take our imagination wild and try to understand the Absolute. In reality, these betel nuts are not God Ganesh, planets in our solar system or the eight directions. This pot is not the universe, the coconut on the top of this pot is not the head of the creator of the universe, the idol that we worship is just a piece of metal and not the almighty God. We use these items to have some specific concepts in our mind. We use these items to represent what we think. To make it simple to understand. You see in our every day life how small children play with their toys. They make one as GI Joe. They make some as the enemies of GI Joe. They bring Barbie dolls in their imagination. They pretend that their dolls are getting married. They pretend that the dolls are having babies. They pretend that a great war is going on and GI Joe is fighting with all his resources against the enemy. The entire imaginary world

appears in their mind in seconds. We do not call these children as crazy kids. We do not consider that there is something wrong with them. In fact, we praise what they are doing. We encourage them to play like this. We spend money to buy such toys.

In सत्य नारायण् पूजा also we are using these imaginary concepts to discover the reality of the Absolute. It is going to help us in trying to understand the truth about the Absolute. In performing this routine, if we use honesty, sincerity, complete devotion to the routine, one day, we will be able to find the true nature, the true form, सत्य स्वरूप, of the Absolute.

We always start our पूजा(Pooja) with ॐ(OM). ॐ(OM) means "I AM". It means the beginning of all creation. It means the start of awareness. It is the start of consciousness. Even when we close our eyes, due to this consciousness, due to this awareness, due to this "I AM" NESS, due to this ॐ(OM) the entire universe, the unlimited number of galaxies, infinite number of stars in the galaxies, our milky way galaxy, the solar system, the planets in the solar system, our earth, our continent, our country, our State, our County, our City, this place, the people gathered around us manifest in front of us. If this consciousness, this awareness, this "I AM" NESS, this ॐ(OM) disappears, the entire manifestation will disappear. We therefore, start our पूजा(Pooja) with ॐ(OM). Each individual manifestation has been identified with a name. Names are given for the sake of recognition. We have selected following twenty four (24) names. For acknowledgment of the first three names we take a sip of spoonful of water using this copper spoon पळी. The fourth spoonful of water we release in this copper dish ताहण.

ॐ श्री केशवाय नमः । नारायणाय नमः ।

Next we acknowledge that breathing is essential to continue with our awareness by inhaling deep and exhaling. This is called प्राणायाम्. We perform it at least three times during the पूजा(Pooja).

प्रणवस्य परब्रह्मऋषिः । परमात्मा देवता ।
 दैवी गायत्रीच्छन्दः । प्राणायामे विनियोगः ।

Please therefore, close your eyes, breathe in deeply and hold your breath and meditate in search of who really you are. Exhale at the end of each प्राणायाम. Do this three times.

ॐ भूः । ॐ भुवः । ॐ स्वः । ॐ महः ।
 ॐ जनः । ॐ तपः । ॐ सत्यम् ।
 ॐ तत् सवितुर्वरेण्यम् । भर्गो देवस्य धीमहि ।
 धियो यो नः प्रचोदयात् ।
 ॐ आपोज्योति रसोमृतम्
 ब्रह्मभूर्भुवः स्वरोम् ।

You may now open your eyes, breathe normally. I have just said that I am aware of the earth (ॐ भूः), the infinite space (ॐ भुवः), the Sun (ॐ स्वः), the infinite number of planets (ॐ महः), our milky way galaxy (ॐ जनः), the infinite number of galaxies (ॐ तपः), the Absolute Truth (ॐ सत्यम्). Let the Supreme Lord of the universe inspire our intellect to perceive His unimaginable and most radiant form.

The next step is to acknowledge our awareness of the manifestation of all the Gods of the universe including our parents. You may ask if I believe in several Gods and is it not true that there is only one God? To perceive the correct answer we must first start with self realization.

We are HUMAN. The entire manifestation consists of non living and living entities. Each non living and living entity as a heavenly body is regulated with some basic fundamental principle. This principle is called DHARMA (धर्म). DHARMA (धर्म) of copper is different from the DHARMA (धर्म) of gold. That is why one is recognized as copper and the other as gold. Non living things and living things have fully developed bodies. Body means something which occupies space. Next to non living entities comes the vegetation. Vegetation has fully developed body and in addition to this, there is just a touch of, just a start of development of MIND. Sunflower for example, always faces towards the Sun. Roots of a tree always grow in the ground and rest of the canopy always grows in the air. The leaves of certain vines known as 'Touch Me Not' or (लाजाळू), if touched, collapse and close together.

Animals on the other hand have fully developed bodies and fully developed mind. Only HUMAN has, in addition to a fully developed body and a fully

developed mind a capacity called intellect. Intellect means capacity to perceive, capacity to understand, capacity to reason and select, make a proper decision between what is right and what is wrong. There will not be any difference between an animal and a human if the human is unable to decide between what is right and what is wrong. It is the basic fundamental principle under which Human IN the Universe must perform, must behave. It is HINDU DHARMA (हिन्दु धर्म). H stands for Human, IN, D stands for "the" and U stands for Universe.

The HINDU or Human IN D Universe has a delicate balance between righteousness and un-righteousness or wickedness. If this balance tilts towards righteousness we are on the side of God and if it tilts towards un-righteousness we will be like Raxasas or devils. It must always be our goal to stay heavy with our utmost capacity towards righteousness and tilt the balance all the way to the righteousness with no sign of un-righteousness. When this occurs there will be nothing but God.

If a human has righteousness, always selects right from wrong, he can be considered as God. Please remember here that God (ईश्वर) is not the same as the supreme personality or the Absolute (परमेश्वर). Also one can not decide himself or herself whether he or she is righteous or not. He or she has to be a righteous person in the eyes of others.

A person is called evil or RAXASA (राक्षस) if that person always selects wrong. In my mind therefore, there are several Gods in the universe who always select right from wrong. Let us therefore, acknowledge the presence of all such Gods and honor them with our respect towards them.

Remember, we are acknowledging our awareness, our consciousness, our "I AM" NESS, our OM (ॐ) of the manifestation of our surrounding, Which planet we belong to, which continent we are in, which country, which State, which county, which City, whose house, which year, which month, which day and what time. The same thing is narrated here in Sanskrit in this पूजा(Pooja) as follows:

श्रीमद्भगवतो महापुरुषस्य विष्णोराज्ञया
 प्रवर्तमानस्य अद्य ब्रह्मणो द्वितीये परार्धे
 विष्णुपदे श्रीश्वेतवाराहकल्पे वैवस्वत मन्वन्तरे

Now we express our desire regarding what we are trying to achieve while performing this पूजा(Pooja). The main purpose of today's function is to perceive the truth about the Absolute. We are not expecting any material gains, prosperity or wealth. If we achieve our goal we are going to be happy and we will have peace of mind. This peace of mind in turn will automatically provide us good health, richness in the knowledge about the Absolute. We will be relieved of all the confusion in our mind. Our minds will not be restless. Our minds will be purified.

We are going to beg, plead the Absolute truth to arrive here and to shower His grace upon us. It is necessary for someone to guard this place and protect us while we meditate and eagerly wait for the arrival of the Absolute truth. When the Absolute Truth sees that this guard is standing and guarding this place, The Absolute truth is going to recognize the guard and will know that these must be the people who are eagerly waiting for my arrival. Therefore, we are going to use this betel nut to represent the imaginary power which will be guarding us at the door steps and help the Absolute truth to recognize this place. We are going to call this power as God Ganesh.

I have just said that, On this day of
20....., we have gathered here in this beautiful town

of for a special occasion.
To receive the grace of God for health and prosperity.

To make this function free from obstacles we start our prayer to God
गणेश(GANESH).

We express our awareness of the presence of the entire universe having unlimited number of galaxies. We express our awareness of the presence of the entire solar system and the planets of which we are a part of.

To make it easy to perceive, we use these Betel nuts to represent our planetary system. To represent the entire universe of infinite space having unlimited number of galaxies we use this pot. We use this coconut on the top of the pot to represent the head of the creator of the universe.

गणानाम् त्वा शौनको गृत्समदो

ॐ गणानाम् त्वा गणपतिम् हवामहे

निर्विघ्नम् कुरु मे देव सर्वकार्येषु सर्वदा ।

Due to this awareness, due to this consciousness, due to this "I AM" NESS, due to this ॐ (OM), the entire manifestation can appear before our minds. So why not accept that there is some unknown power that exists which can guard us, can protect us, can remove all the obstacles that may come during the performance of today's पूजा(Pooja). Let us call this power as God गणेशGanesh. Let it be represented by one of the betel nuts. Let us dress up this power, God गणेशGanesh, with rice as ornaments, kumkum, turmeric powder, sandalwood paste and request this power, God गणेश Ganesh, to stay at this place and guard us until the supreme creator of the universe arrives and gives His blessings. When the supreme creator sees that this beautifully dressed God गणेशGanesh is guarding this place, He will recognize him and immediately will descend to our place to shower His grace on us.

Let us take one betel nut from the tray and place it in the copper dish in front of us. Please consider that this betel nut represents the guarding god God गणेशGanesh who will remove all the obstacles. Let us invite, beg and plead this power, this God गणेशGanesh, with the bottom of our

hearts, to come here.

Let us take a little bit of rice from the tray and place it as a seat for the Betel nut which represents our God गणेश (Ganesh).

Now each time I direct, please take a spoonful of water from the mug in front of you and give a bath to our God.

Now please take the hand towel from the tray and dry the God. Take a Betel leaf from the tray and place Him on the leaf. Please also take the chain of cotton balls from the tray and place around the God. We will consider it as the clothing of God Ganesh. The same way place the bundle of thread from the tray and place around the God (जानवे).

 ॐ भूर्भुवः स्वः । महागणपतये नमः ।

This reminds me of a Sanskrit verse of a poet which says:

न तत्र सूर्यो भाति न चन्द्रतारकम् ।
 नेमा विद्युतो भान्ति कुतोऽयमग्निः ॥
 तमेव भान्तम् अनुभाति सर्वम् ।
 तस्य भासा सर्वमिदम् विभाति ॥

It means:

The sun does not illuminate Him. Neither does the moon nor the stars. Not even the lightning illuminates Him. (When) He, the self effulgent illuminates the entire universe, (what a fool I am, trying to illuminate Him with this candle.!!!).

But dear God, we are just naive, we want to make sure that you are well dressed while guarding this place until the Supreme creator arrives. Please show Him the path of this house when He arrives.

Now please sprinkle some water around the food, sweets and fruits and offer the food to our God.

ॐ भूर्भुवः स्वः । महागणपतये नमः ।

ॐ समानाय स्वाहा । ॐ ब्रह्मणे स्वाहा ।

नैवेद्यमध्ये पानीयम् समर्पयामि ।

To wash His hands and mouth, please serve some water using the spoon. As an appetizer our God likes to eat betel leaves. Please offer the leaves to Him. Finally, before requesting Him to stand at our door steps guarding us until the Lord of the universe arrives, offer some money and flowers as gift to our God.

The meaning of all of this is that, any guest at your door step, rich or poor, should be respected and honored like this. All of us are the children of the same God. Please treat them as God. God Ganesh is going to guard us at our door until the supreme creator arrives. He will see God Ganesh, recognize him and will definitely come here to bless us. Believe me.

Now let us pray to something which is really beyond our imagination. This universe of unlimited space having infinite number of galaxies, our milky way galaxy, our solar system and the planets within the solar system. Let it be represented by this Pot. Let us use the coconut on the top of the pot as

the head of the creator of this unimaginable universe.

This conch shell on the top of it's stand also is another wonder created by the creator. It is formed in the oceans of the world where all the rivers meet. This definitely will fit in the hands of the creator like a blowing horn. Let us assume so and decorate it with sandalwood paste, turmeric powder, red powder and flowers and offer it to the creator. Dear God, Please blow this conch shell and announce your arrival. We are eagerly waiting to see you and to receive your grace.

ॐ शङ्खादौ चन्द्रदैवत्यम् कुक्षौ वरुणदेवता ।

Let us fill this conch shell with water and keep it here until the creator of this universe arrives.

The ringing of a bell is accepted throughout the world as a sign to welcome guests and also to drive away the evil. The door bell at the entrance of a house tells us that the guests are coming. It gives us an opportunity to greet our guest. Let us decorate the bell with a little paste of sandalwood, red powder, turmeric powder, rice and flowers. The decorated bell in such manner will attract the attention of the Creator of our universe and He will ring the bell and announce His arrival. Let us request the God to ring this decorated bell, announce His arrival and come to visit us. Dear God, please ring this bell and announce your arrival. We are very eagerly waiting for Your arrival.

आगमार्थम् तु देवानाम् गमनार्थम् तु रक्षसाम् ।

Similarly, lighting of the candles has been accepted throughout the world to illuminate and to provide knowledge. The darkness is ignorance and the light is knowledge. One of the great poets of the Sanskrit scripture has said:

नानाच्छिद्रं घटोदरस्थितं महादीपप्रभाभास्वरम्
ज्ञानम् यस्य तु चक्षुरादिकरणद्वारा बहिः स्पन्दते ।
जानामीति तमेव भान्तमनुभात्येतत्समस्तम् जगत्
तस्मै श्रीगुरुमूर्तये नम इदम् श्रीदक्षिणामूर्तये ॥

Knowledge is something like a candle burning inside an earthen pot having infinite number of holes. Each hole has a shutter. When a shutter is open, a ray of light emerging out of the pot illuminates the thing in its way and provides us the knowledge of it. The shutter named ear provides us the sense of sound. The shutter tongue provides us the sense of taste. The shutter eye provides us the sense of sight. The shutter nose provides us the sense of smell. The shutter skin provides us the sense of touch. The shutter mind if open, provides us righteousness. The more the shutters are open, more will be the knowledge. If the shutters are closed, it will be darkness of ignorance.

If all the shutters are open, there will be nothing but knowledge. When the number of open shutters tend to infinity the pot disappears. There will be nothing but knowledge.

Let us therefore, accept the importance of knowledge by offering sandalwood paste, red powder, turmeric powder, rice and flowers to this burning candle which represents the knowledge.

Dear God. I am really a fool trying to show you the path to our house with the use of this candle. Please forgive us. We are just very anxious to see you and to receive your blessings as soon as possible.

तथा दीपदेवताभ्यो नमः । गन्धाक्षतपुष्पम् समर्पयामि ।
हरिद्राम् कुङ्कुमम् सौभाग्यद्रव्यम् समर्पयामि ।

Oh! Candle! Will you please keep on burning and showing the path to our house! At any time from now He will be coming. Very soon He will come and shower His grace on us.

भो दीप ब्रह्मरूपस्त्वम् ज्योतिषाम् प्रभुरव्ययः ।
यावत् पूजा समाप्तिः स्यात् तावत्त्वम् सुस्थिरो भव ।

Let us take a flower, dip in the water and sprinkle the water over ourselves and all the people gathered here. The purpose of this is to purify ourselves. The real way to purify ourselves is to bring the name of the Lord in our minds. You may or may not be clean from outside, but if you keep in your mind, the name of the Lord of the Universe, you will be pure and clean from both outside and inside.

अपवित्रः पवित्रो वा सर्वावस्थाम् गतोऽपि वा ।

Oh! He is here! I can see! I can see!! I can see!!!. The God is here. The God is right here among us. The God is within us. I am aware! I am conscious. I am!!! OM. I can see the God in the several eyes, hands, feet and faces that

have gathered here today. I can see the God in their pure innocent, sincere and honest MINDS.

I can see the God in the eyes, hands, feet, faces and minds of all the living entities of the universe. In the manifestation of the entire universe. This God is not only within us but is outside us. This God is very near to us as well as at a very far distance very difficult to comprehend. This God has a speed of mind but He can also be still, stable and motionless. Even with His motion-less-ness it is very difficult to catch Him. This God has the most beautiful, handsome form. This God at the same time can be formless. Sri Isopanishad (श्री ईशोपनिषद्) has described the form of this God as follows:

अनेजदेकम् मनसो जवीयो नैनत् देवाः आप्नुवन् पूर्वमर्षत् ।
तद्भावतोऽन्यानत्येति तिष्ठत्तस्मिन्
न अपो मातरिश्वा ददाति ॥
तदेजति तन्नेजति तद् दूरे तद्वन्तिके ।
तदन्तरस्य सर्वस्य तद् सर्वस्यास्य बाह्यतः ॥

कलशस्य मुखे विष्णुः कण्ठे रुद्रः समाश्रितः ।
मूले तत्र स्थितो ब्रह्मा मध्ये मातृगणाः स्मृताः ।
कुक्षौ तु सागराः सर्वे सप्तदीपा वसुन्धरा ।
ऋग्वेदोऽथ यजुर्वेदः सामवेदो ह्यथर्वणः ।
अङ्गैश्च सहिताः सर्वे कलशम् तु समाश्रिताः ।
अत्र गायत्री सावित्री शान्ति पुष्टिकरी तथा ।
आयान्तु देवपूजार्थम् दुरितक्षयकारकाः ।
गङ्गे च यमुने चैव गोदावरी सरस्वति ।
नर्मदे सिन्धु कावेरी जलेऽस्मिन् सन्निधिम् कुरु ॥

Let us close our eyes and try to picture the form of the Lord of the universe. Let us meditate. Think of a most handsome, most beautiful form that you can think of. This form has complete righteousness. This form is the warehouse of the entire knowledge. This form has surpassed all the three material nature. (सत्त्व रजस् तमस्). This form has to be extra ordinary.

इति सत्यनारायणम् ध्यायामि ।

This form has to be of thousands of heads, thousands of eyes, thousands of feet. In reality, His size occupies not only the entire universe but extends up to ten times beyond the universe. Let us try to wake our imagination and beg for the arrival of this image in our mind.

To make it simple, let use this idol of Sri Krishna to represent this almighty Lord of the universe. Let us shower the path of the Lord with some rice and request Him, beg Him, plead Him, to show up in our minds.

पहिला अध्याय

The Identity of the Absolute

Chapter one

Let me now narrate the summary and meaning behind the true identity of the Absolute (सत्य नारायण पूजा) in the form of easy to understand stories.

The stories about the true identity of the Absolute (सत्य नारायण पूजा) traditionally told from the ancient times have a touch of miracles and the generation of this age do not necessarily believe on such miracles. They believe in the modern day miracles like the silicon chips in the computer performing variety of functions in no time but they will not accept the miracles that have been told from generations to generations in the traditional stories of the true identity of the Absolute (सत्य नारायण पूजा). It is my tempt here to tell the same stories to such generation in a way they can relate.

As I have mentioned before, Pooja (पूजा) means performing our daily routines with full devotion, full concentration, sincerity and honesty. Satya (सत्य) means the truth. Narayana (नारायण) is the Absolute, the Almighty God of all creation. Satya Narayana Pooja (सत्य नारायण पूजा) means an sincere, honest effort with full concentration, full devotion to know the true identity of the Absolute, the Almighty God.

Once upon a time, in the forest of Naimish (नैमिष), Shownuck (शौनक) and several other saints were living. They requested a story teller (सूत) to tell how one can achieve peace of mind, good health, wealth and happiness and stay away from the sorrows and miseries of life. The story teller mentioned that exactly similar question had come in the mind of the great saint Narada (नारद) when he was under stress, with disturbed mind and unhappy to see the suffering of the creatures of the universe.

Saint Narada (नारद) sat down in deep meditation in search of self realization. He realize the OM (ॐ), who 'I AM', the beginning of creation, the awareness of the manifestation, the consciousness that brings this awareness, when and where it starts and where it ends. With his eyes closed, the great saint thought of a most beautiful, most handsom, most powerful image, capable of creating of this infinite space having infinite number of stars in infinite number of galaxies, this Milky way galaxy, finite number of stars of the Milky way galaxy, the solar system of the Milky way galaxy, the sun, the moon, this living and non living entities of this universe, this continent, this nation, this State, this County, this City, this house, this people around us. Who has created all this manifestation? Where is He? How does He look? Saint Narada (नारद) re-

alized that this creator of the universe is nothing but Almighty God Vishnu (विष्णु). This Almighty God has thousands of eyes, thousands of faces, thousands of hands and feet. This Almighty God is within all the creatures of the universe, at the same time He is outside all the creatures of the universe. This Almighty God is very easy to achieve at the same time very difficult to perceive. This Almighty God is stable and motionless at the same time has a speed faster than that of mind. This Almighty God is smaller than a smallest atom that you can think of, at the same time his size is larger than the sky. This Almighty God dwells always in the hearts of righteous people who consider all the poor, needy, suffering living entities as their close relatives and friends. This Almighty God is those righteous people who always sacrifice for the well being of the society. This Almighty God is those righteous people who always think about the happiness, joy, good will of the society. This Almighty God is those righteous people who feed the hungry. This God is within those righteous people who work hard to remove the darkness of ignorance and spread the light of knowledge. With this realization of the Almighty God, Saint Narada became happy. All the stress in his mind was gone. His mind became peaceful. This in turn gave him good health. God blesses only one who is self-realized. Good health, wealth, generosity, peace of mind automatically follow when a person is self-realized, when a person knows the true identity of the Almighty God.

Thus ends the first chapter of the stories of Satya Narayana (सत्य नारायण).

The Identity of the Absolute
Chapter two

Saint Narada (नारद) once met a very poor Brahmin in the beautiful city of Kashi (काशी). This poor Brahmin was very hungry, very thirsty and was sad about his condition. Observing his condition Saint Narada (नारद) approached him and asked why he was so sad. The poor Brahmin said, "Oh! Saint, How can I remove the poverty, misery that I am in? I am disturbed, restless. I can not sleep at nights. Please tell me how can I get rid of the tragedy I am in. Saint Narada (नारद) said, "Dear friend, you must first try to understand who you are. Try to understand the true form, true nature of the Absolute. Please see how the Satya Narayana Pooja (सत्य नारायण पूजा) is performed. With this self realization you will achieve your goal." The Brahmin went home. Next few days he observed how the Satya Narayana Pooja (सत्य नारायण पूजा) is performed. He noticed the simplicity in which the betel nuts, coconut and the pots are used to understand the true nature of the Absolute. He started the same method to understand the Absolute truth. He offered his services to his wife as if those are offered to Goddess Laxmi (लक्ष्मी). He offered his love to his son as if it was offered to Bal-Krishna (बालकृष्ण). He offered his knowledge to his daughter as if it was offered to Goddess Saraswati (सरस्वती). His outlook towards the life was changed. He started looking towards each and every living entity as a part and parcel of the Supreme Absolute. This in turn provided him

peace of mind. His restlessness was gone. He became happy. When the mind is peaceful, the body reacts positively. His health was improved. With good health he was able to work hard. Observing his hard work and change in his nature, he became a desirable person in the society. His social status improved. The honesty, sincerity and devotion without any desire for material gains provided him with all the satisfaction that he deserved.

One day, when the Brahmin was performing the Satya Narayana Pooja (सत्य नारायण पूजा) he noticed a poor and thirsty firewood seller at his door with a bundle of firewood on his head. The firewood salesman asked the Brahmin what he was doing. The Brahmin asked the poor man to stay for a while and see what he was doing and how one can achieve complete satisfaction from understanding the true nature of the Absolute. By observing the Satya Narayana Pooja (सत्य नारायण पूजा) the firewood salesman became very happy and decided to follow the footsteps of the Brahmin. With the improved mental health, his overall health, strength, working habits dramatically improved and the hard work which he could perform provided him with wealth, good children and happy family.

Thus ends the second chapter of the stories of Satya Narayana (सत्य नारायण).

The Identity of the Absolute
Chapter three

Once upon a time there was a king named Ulkamukha (उल्कामुख) ruling over the planet earth. He had full control over his body and mind. He was righteous, devotional, and intelligent person. His beautiful wife Sundervadana (सुन्दरवदना) had complete devotion towards the King. She was offering her services to the King as if those were offered to God Narayana (नारायण). Both of them were used to perform the Satya Narayana Pooja (सत्य नारायण पूजा) at the banks of a river with full devotion and sincerity. One day, while they were performing the Satya Narayana Pooja (सत्य नारायण पूजा) a passing merchant named Sadhu (साधु) with his wealth and merchandise saw the King and the Queen performing the Pooja (पूजा). He docked his ship at the bank of the river and came near to the King and asked respectfully what they were doing.

The King replied, ” Dear Sadhu (साधु), There is nothing more satisfying than to know who we are, who are the living and non living entities surrounding us and what is the purpose we exist in this universe. The knowledge about the

Absolute truth gives peace of mind, happiness, and good health This in turn makes one strong and energetic to work hard and to earn the needed material resources for the sustenance. We can become ideal parents for our progeny and our entire family can become prosperous. It is my honest belief that performing the Satya Narayana Pooja (सत्य नारायण पूजा) can achieve all of this.”

The merchant Sadhu (साधु) learned all the details about the Satya Narayana Pooja (सत्य नारायण पूजा) and said, ”I am unhappy because I do not have any children. I promise that I will perform this Satya Narayana Pooja (सत्य नारायण पूजा) when we will receive a child. ” Merchant Sadhu (साधु) return back home from his voyage and told his wife Lilavati (लीलावती) about the incident. While offering the services to her husband as if those were offered to God Narayana (नारायण) from the bottom of her heart, Lilavati (लीलावती) carried a child and in due course she delivered a beautiful girl named Kalavati (कलावती).

One day Lilavati (लीलावती) asked merchant Sadhu (साधु) when was he going to perform the Satya Narayana Pooja (सत्य नारायण पूजा).

Merchant Sadhu (साधु), ignoring her, promised that he will perform the Pooja at the wedding of Kalavati (कलावती).

Kalavati (कलावती) was growing day by day. At her age of sixteen merchant Sadhu (साधु) planned a big wedding for her with a young merchant from the city of Kanchan (कांचन). He performed the wedding and after the wedding he went for voyage with his son-in-law for business. He forgot about the Pooja. His entire world was circling around his business and achieving more wealth. He was always worried about making more money. He was worried about protecting his wealth. He lost his sleep in such worries. One day, when they were on a business trip in a town ruled by a King named Chandraketu (चन्द्रकेतु), merchant Sadhu (साधु) and his son-in-law saw couple of thieves running with lots of jewelry stolen from the king’s palace and pursued by king’s soldiers. The thieves dropped the jewelry in front of the place where merchant Sadhu (साधु) and his son-in-law were staying and ran away. When the soldiers saw the jewelry at the place where merchant Sadhu (साधु) and his son-in-law were staying, they thought that the merchant Sadhu (साधु) and his son-in-law must have stolen the jewelry. They arrested merchant Sadhu (साधु) and his son-in-law and brought in front of the king’s court. King Chandraketu (चन्द्रकेतु) ordered to take all the wealth and jewelry belonging to the merchant Sadhu (साधु) and his son-in-law and placed them in the prison.

Lilavati (लीलावती) and her daughter (कलावती) had no other alternative than to beg for food and survive somehow. They were under lots of mental pressure and stress. They were suffering from hunger, thirst and sickness due to this stress. One day, when they were begging for food in front of a Brahmin’s house, they saw and heard the Satya Narayan Pooja (सत्यनारायण पूजा) being performed by the Brahmin. Both of them became calm and happy when they realized the Absolute truth. They started to perform the Satya Narayan Pooja (सत्यनारायण पूजा) regularly. With the peace of mind, self realization,

knowing who they were, what the purpose of life was, they started serving the society and other needy poor people in the society. Their social status improved dramatically and one day they were able to prove to King Chandraketu (चन्द्रकेतु) that their husbands were innocent but were lost in knowing what the purpose of life was. The king released merchant Sadhu (साधु) and his son-in-law, gave them twice the wealth seized from them and advised them to understand the Absolute truth, know who they were, why they were and what was the purpose of their life. Asked them to fight for righteousness, help to improve the society keeping in mind that all the entities in the society are part and parcels of the Supreme Absolute.

Thus ends the third chapter of the stories of Satya Narayana (सत्यनारायण).

The Identity of the Absolute
Chapter four

Merchant Sadhu (साधु), afterwards to avoid any obstacles during his journey donated some money to a Brahmin, took his blessings and proceeded his journey to his home town. The King Chandraketu (चन्द्रकेतु) of course, being a righteous man had a duty to see that Merchant Sadhu (साधु) has really changed and has become honest and sincere. He asked his secret service police to test the sincerity of Merchant Sadhu (साधु). One of the secret service police dressed as a saintly man with safrin clothes, approached Merchant Sadhu(साधु), and asked what they had in their ship. Merchant Sadhu (साधु) and his son-in-law arrogantly laughed and asked if the secret service police in saintly dress wanted to steal their wealth. They told him that there was nothing but dry hey in the ship. The other secret service police men heard it from a long distance and arranged to switch the wealth in the ship of Merchant Sadhu (साधु) with dry hey without their knowledge.

Merchant Sadhu (साधु), and his son-in-law completed their business in the town where they had stopped and came to the ship to continue their journey. When they checked their ship they noticed that there was nothing but dry hey in their ship. Both of them were shocked, fainted and fell unconscious on the shore. When they became conscious they thought that the saintly man had super natural powers and changed all their wealth into dry hey. They came back and surrendered unto the saintly looking service man in safrin clothes and appologised and asked for forgiveness. The secret service police man told the Merchant Sadhu (साधु), the truth about him and warned him to follow king's advise, returned their wealth and asked them to proceed with their journey. Merchant

Sadhu (साधु), and his son-in-law promised the police men that they will work hard for the good of the society, try to understand who they were and to understand the Absolute truth. They promised that they will always seek the right and stay away from wrong. They will use their intellect which has been received from the Absolute and use it properly to seek always the right. Merchant Sadhu (साधु) and his son-in-law proceeded for their journey home.

Here in the home town of the Merchant Sadhu (साधु), in Diamond Bar (रत्नपुरी), Lilavati (लीलावती) and Kalavati (कलावती) heard the news that their husbands are coming. They were very excited and happy. They were requested by the respected elderly people in the town to perform the Satya Narayan Pooja (सत्य नारायण पूजा). Even though they were performing the Pooja, their mind was wandering towards their husbands. They were so eager to see their husbands, that they forgot what they were doing and with their husbands as the only thought in their mind, they rushed to the harbor to greet their husbands. They heard that one of the ships had sunk in the bottom of the sea. With the only thought about their husbands, when they could not see their husbands, they asumed that their husbands were dead. With the great pressure on their mind they fainted and became unconscious. When they became conscious, one of the holy and elderly man from the town told them that they are completely forgetting what they were doing. They did not have complete peace of mind. They did not make intellect decision between what is right and what is wrong. Sometimes things appear to be right but they are wrong. For an example, there is a Department of Motor Vehicles regulation that at an intersection, if there exists a painted cross walk, the pedestrians have the right of Way. If a person assumes that he is right and the on coming vehicle is wrong and proceeds to cross the intersection, be certain that the pedestrian is wrong. He is not using his intellegence. Therefore, please be calm. Know what is right and what is wrong. Do not drop what you were doing without completing it and run towards the unknown. Know who you are, what is the purpose of life and surunder unto the Absolute. When Lilavati (लीलावती) and Kalavati (कलावती) followed the guidance of the elderly holy man, they realised that they were unnecessarily worried about their husbands, their husbands were alive and well. When their husbands heard about what had occured, all of them decided that there is nothing more rewarding than performing the Satya Narayana Pooja with complete devotion, sincerity and honesty without any desire for any personal gain.

Thus ends the fourth chapter of the stories of Satya Narayana (सत्य नारायण).

The Identity of the Absolute
Chapter five

Once upon a time there was a king named Angadhvaj (अङ्गध्वज).

He was well known about protecting his people but was unhappy because ignoring their needs. He never joined them in their happy or sad occasions. Once when he was returning from his hunting trip, he noticed that some dairy farmers were sitting together and performing the Satya Narayana Pooja (सत्यनारायण पूजा). Even though they invited the King to join them, he ignored and went back to his palace. This unconsciously started bothering him. He became unhappy. He lost his sleep. Constantly he was ill. This affected adversely on his family. Due to his incapacity, his revenue started dropping. He lost his wealth. His sons started fighting with each other and eventually many of them died while fighting with each other. One of the dairy farmers saw the sad king and offered help by requesting him to understand and perceive the Absolute. He told him that if the people in his rule are happy, he will be happy too. Caring for the poor, seeking the Almighty God in the houses of the poor, providing them food, shelter and jobs will make them work hard for the good of the society. He told the king the true meaning of Pooja. He told the simplest way to understand Satya Narayana (सत्यनारायण). Taking the advise from the dairy farmer, the king started doing his every day routines with honesty, sincerity and full devotion. His love towards the people in his kingdom increased. Every citizen in his kingdom started loving the king. They started working hard for the good of the society. This in turn increased king's revenue. He became happy.

Therefore, everyone must try to understand the true identity of the Absolute. Everyone should make proper selection between what is right and what is wrong. Everyone should offer his or her services to the other as if these are offered to God Narayana (नारायण) or Goddess Laxmi (लक्ष्मी). With love towards each other, the entire earth will be a happy place to live. There will be nothing but God where ever you see.

Thus ends the fifth chapter of the stories of Satya Narayana (सत्य नारायण).
